OPTIPREMIUM

# INFINITY FREEFORM LENS A NEW FREEDOM

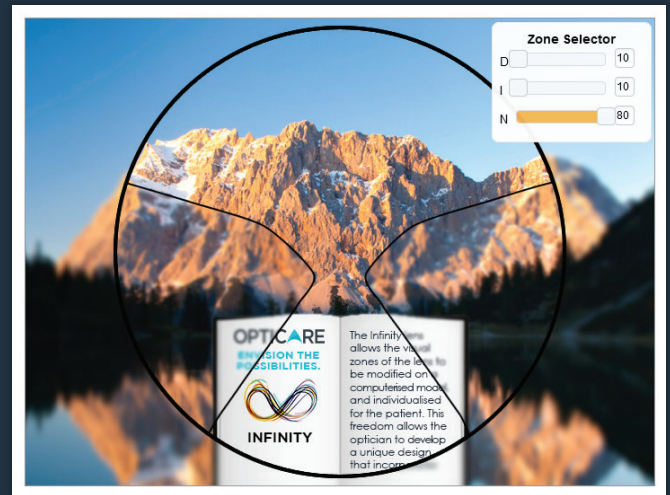

The world class Infinity freeform lens is a sophisticated European design **manufactured locally in Australia.**

Opticare's Infinity lens allows the visual zones of the lens to be modified and individualised on a computerised model. This freedom allows the optician to develop a **unique design** that incorporates the patients lifestyle requirements.

### Infinity Key Features:

- enables up to **2 times more reading area** than other lens designs without affecting distance vision.
- reduces unwanted distortion by up to 50%.

Contact us to order your **FREE trial\*** today!

Visit [www.opticare.com.au/infinity](http://www.opticare.com.au/infinity) to dynamically adjust the visual zones.
