

Order Online and save on time, paperwork and costs with the quickest service

OPTILINK allows you to order premium, Australian-made lenses and designer frames online - all at the click of a button.

Once your order is placed online, it is integrated in real-time with our production systems at Opticare.

You can then track its status and easily manage any existing orders - all from the comfort of your desk.

This is a free service available to all Opticare customers. To be able to start ordering online, you will need to have your own OPTILINK account set up.

Log onto OPTILINK Online today at: www.opticare.com.au/order

If you'd like to register for OPTILINK or you're unsure of your login details, contact your local Opticare Account Manager for assistance.
