

## OPTICA AZ

For Healthy Vision With Astaxanthin

Zifam Pinnacle Pty. Ltd  
Product Code: AUCMPS193

Australia Listing No: 242672

**Optica AZ** is an eye formulation to support and maintain healthy eye function. **Optica AZ** may assist in reducing visual fatigue and eye strain and may help eyes to adapt to variation in light intensity. Antioxidants in **Optica AZ** may protect against age related eye diseases. Astaxanthin, a sensational supplement for better vision, protects against many oxidative stress-induced, age related conditions. Lutein and Zeaxanthin improve vision in dim light or glare and protects the eyes from harmful ultraviolet rays in sunlight. Zinc is important for the maintenance of eye health.

### Composition

Each capsule contains	
Astaxanthin esters extracted from Haematococcus pluvialis Equiv. to Astaxanthin (of Haematococcus pluvialis)	30 mg 3 mg
R,S-alpha lipoic acid	250 mg
Manganese amino acid chelate	10 mg
Tagetes erecta extract liquid concentrate equivalent to dry flower Equiv. to zeaxanthin Equiv. to lutein esters calculated as lutein (of Tagetes erecta)	4.564 g 324 mcg 5.6 mg
Zinc amino acid chelate Equiv. to Zinc	62.5 mg 12.5 mg

VISION + EYE HEALTH

PRACTITIONER ONLY NUTRACEUTICAL

OPTICA AZ

MACULAR + RETINA SUPPORT

Helps maintain:

- Eye retina health
- Eye macula health
- Healthy eye function
- Healthy eyesight + vision

SUPER ANTIOXIDANT

AstaReal® Natural Astaxanthin

Manganese chelate + Zinc chelate

R, S alpha lipoic acid

Zeaxanthin + Lutein

30 CAPS

AUST L : 00000

### Scientific Evidence

AstaReal® Natural Astaxanthin is a potent anti-inflammatory and powerful antioxidant.  
Can alleviate symptoms related to Computer Vision Syndrome (CVS).  
Relieve eye fatigue.  
Improve quality of vision.  
Reduce eye irritation and blurred vision.  
Minimize the oxidative damage induced by Reactive Oxygen Species (ROS) in aqueous humor.

In contrast to most antioxidants, Astaxanthin quench free radicals both in the water and fat zone of the cell membrane.

Research shows that Astaxanthin is more than 65 times stronger than Vitamin C and 50 times more potent than Vitamin E with regards to its ability to protect cell membranes. It is also 6000 times stronger than Vitamin C and over 500 times stronger than Vitamin E, Co-enzyme Q10 and Green Tea Catechins, when neutralising free radicals.

#### Lutein and Zeaxanthin

Improves macular pigment, which may have a causative role in boosting visual function.

Might prevent the progression of Age related Macular Degeneration (AMD).

#### Manganese amino acid chelate

**R,S-alpha lipoic acid**

**Zinc amino acid chelate**
