

Precision for every function.

Relax

# ESSENTIAL

PROGRESSIVE LENS SERIES

## The Essential Choice for Relaxed, Clear Vision.

**Essential Relax** is the go-to solution for combating the effects of digitally induced eye strain and visual stress. Specially designed to enhance vision during near and intermediate visual tasks, Essential Relax is recommended for a diverse range of patients, including young myopes, young hyperopes and emmetropes, patients with accommodation or convergence problems, as well as pre-presbyopic patients and early presbyopes. It is also a good recommendation for the early visual care of young children.

- ✓ Digital eye strain and visual fatigue relief
- ✓ Enhanced vision for near and intermediate tasks
- ✓ Contributes to the reduction of myopia progression
- ✓ Addresses accommodation and convergence issues
- ✓ Comprehensive prescription options

## Technology

**DIT (Digital Intelligence Technology):** Precision meets innovation with extraordinary optical quality and exceptionally low unwanted astigmatism.

### Design Specifications

Available corridor length:	9 mm
