Optimising Your Driving Experience

Introducing **Optilux Drive**, the ultimate progressive lens solution tailored for frequent drivers who demand uncompromising clarity and comfort on their journeys. Engineered to excel in the demanding conditions of daily driving, Optilux Drive offers expansive fields of view, ensuring sharp, high-contrast vision of the road ahead, and the entire car interior.

Whether navigating urban streets or traversing highways, Optilux Drive delivers superb performance, offering wearers a clear and comfortable view of the road ahead. Say goodbye to compromises and embrace the road with confidence, as it eliminates the need for switching between multiple pairs of lenses – Optilux Drive does it all!

Features

- ✓ Expansive fields of view
- ✓ Smooth transitions between near and far zones
- ✓ Minimises unwanted distortion
- ✓ Sharp and high-contrast vision
- ✓ Prioritises comfort so drivers can stay focused and relaxed on the road

Technology behind Optilux Drive

DIT (Digital Intelligence Technology): Precision meets innovation with extraordinary optical quality and exceptionally low unwanted astigmatism.

IIT (Intelligent Individualisation Technology): The culmination of our cutting-edge technologies delivering an unparalleled optical experience, combining precision, innovation, and adaptability for wearers across diverse visual needs and ages.

DAT (Digital Adaptation Technology): Maximal precision, minimal distortion, and immediate wearer adaptation for the thinnest lenses and widest optical fields.

PGT (Power Gradient Technology): Experience brilliance in vision with advanced design optimisation, clear optics, and wide fields of view.

Optilux Drive Benefits

- ✓ Reflection reduction
- ✓ Enhanced eye comfort
- ✓ Versatile day and night use
- ✓ Superior distance vision
- ✓ All-in-one convenience, no need to switch to a second pair!
