Precision Lens for Aviation and Specialised Professions

Optilux Pilot is a brand-new progressive lens product by Opticare, crafted to meet the visual demands of aviation professionals and specialists in other precision-focused occupations. It features two distinct power zones that deliver exceptional clarity and comfort, particularly for tasks needing sharp near vision at different angles.

Optilux Pilot lens provides wearers with a heightened sense of visual acuity and adaptability, crucial for professionals who rely on precise, clear vision in dynamic environments. Whether scanning aircraft instruments overhead or inspecting detailed components in mechanical tasks, this lens ensures optimal performance and comfort throughout various visual tasks.

Features

- ✓ Special near zone at the top of the lens
- ✓ Effortless transitioning between near and mid-range vision
- ✓ Ergonomic design reducing eye strain and fatigue during prolonged use
- ✓ Wide corridor length exceeding 13 mm
- ✓ Sharp and high-contrast vision
- ✓ Personalised fitting options for optimal lens performance and wearer satisfaction
- ✓ The Top Add is independent of the Reading Add
